# 10 Herbst-Wörter schreiben

|                                                                                     |          |             |                  |
|-------------------------------------------------------------------------------------|----------|-------------|------------------|
|    |          | der Stamm   | <b>der Sturm</b> |
|                                                                                     | <b>X</b> | der Sturm   |                  |
|    |          | die Ampel   | _____            |
|                                                                                     |          | der Apfel   |                  |
|    |          | der Igel    | _____            |
|                                                                                     |          | der Esel    |                  |
|  |          | die Eichel  | _____            |
|                                                                                     |          | die Eisen   |                  |
|  |          | die Dächer  | _____            |
|                                                                                     |          | die Drachen |                  |
|  |          | die Bäume   | _____            |
|                                                                                     |          | die Besen   |                  |

**So habe ich gelernt:**

Würfle jeweils zwei Mal. Schreibe jeden Satz auf.

|                                                                                     |             |
|-------------------------------------------------------------------------------------|-------------|
|    | Der Igel    |
|    | Der Drachen |
|    | Das Blatt   |
|    | Der Wind    |
|   | Der Vogel   |
|  | Der Apfel   |

|                                                                                     |          |
|-------------------------------------------------------------------------------------|----------|
|    | schläft. |
|    | steigt.  |
|    | fällt.   |
|    | weht.    |
|   | fliegt.  |
|  | reift.   |

**So habe ich gelernt:**

1. Schneide die Felder aus.
2. Klebe alles in der richtigen Reihenfolge in dein Heft oder spielt das Domino.

|                                                                                     |                 |                                                                                      |                  |
|-------------------------------------------------------------------------------------|-----------------|--------------------------------------------------------------------------------------|------------------|
| <b>START</b>                                                                        | <b>Eichel</b>   |    | <b>Eicheln</b>   |
|    | <b>Drachen</b>  |    | <b>Bäume</b>     |
|  | <b>Kastanie</b> |  | <b>Blatt</b>     |
|  | <b>Baum</b>     |  | <b>Kastanien</b> |
|  | <b>Apfel</b>    |  | <b>Blätter</b>   |
|  | <b>Igel</b>     |  | <b>ENDE</b>      |
